## **DETAILED ACTION**

### **REASONS FOR ALLOWANCE**

- 1., Claims 24, 25, and 30-41 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. The applicant has amended the claims to more narrowly define the acetylenic alcohol.

The applicant has removed the alcohol and ether functionality from the list of possible functional groups. The applicant has further required the alcohol to be etherified (i.e. ethoxylated). These new limitations clearly distinguish the instant alcohols from those prior art alcohols. Similarly the applicant's methods claims now require these limitations. As such the instant claims are found to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory E. Webb whose telephone number is 571-272-1325. The examiner can normally be reached on 9:00-17:30 (m-f).
